

February 2010

Sean suggests.....

LIGHT

Sierra Nevada – Glissade 6.4% abv

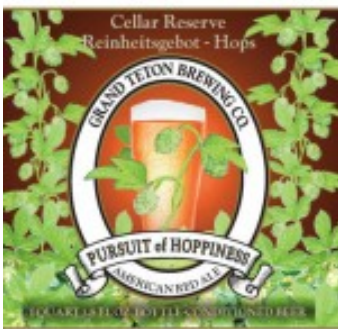

This beer was not what I expected. I saw golden bock and thought it would be a sweet, malty spring ale. Instead, to me, it's an awesome summer BBQ beer. It has the body to stand up to burgers but would go great with fish.

MEDIUM

Duvel – Green 6.8% abv

One of my favorite beers on draft. Even the most picky beer geek likes this yet it is really accessible to even a beer newbie. Complex yet light. This beer has a little bit of everything.

DARK

Grand Teton Brewing – Pursuit of Hoppiness 8% abv

A red ale in the dark category? Yes! And this is what the brewery says about this cellar reserve beer..”this is a perfect autumn beer, thick and warming, to be shared and savored on a crisp fall evening.” Sounds good to me.

Every month there will be a new light, medium and dark suggestion
